Install Proxmox VE (Graphical)

Acceptez le contrat de licence utilisateur et poursuivez.

Sélectionner le disque.

Sélectionner le pays.

The Proxmox VE Installer window shows the 'Location and Time Zone selection' step. The title bar reads 'Proxmox VE Installer'. The main content area has a header 'Location and Time Zone selection' in orange. Below it, a paragraph explains that the installer makes location-based optimizations. To the right, a bulleted list describes the 'Country', 'Time Zone', and 'Keyboard Layout' options. At the bottom, there are three dropdown menus: 'Country' (France), 'Time zone' (Europe/Paris), and 'Keyboard Layout' (French). Navigation buttons 'Abort', 'Previous', and 'Next' are at the bottom.

Proxmox VE Installer

Location and Time Zone selection

The **Proxmox Installer** automatically makes location-based optimizations, like choosing the nearest mirror to download files from. Also make sure to select the correct time zone and keyboard layout.

Press the Next button to continue the installation.

- **Country:** The selected country is used to choose nearby mirror servers. This will speed up downloads and make updates more reliable.
- **Time Zone:** Automatically adjust daylight saving time.
- **Keyboard Layout:** Choose your keyboard layout.

Country: France
Time zone: Europe/Paris
Keyboard Layout: French

The Proxmox VE Installer window shows the 'Administration Password and Email Address' step. The title bar reads 'Proxmox VE Installer'. The main content area has a header 'Administration Password and Email Address' in orange. Below it, a paragraph explains that Proxmox Virtual Environment is a full featured, highly secure GNU/Linux system. To the right, a bulleted list describes the 'Password' and 'Email' requirements. At the bottom, there are three input fields: 'Password' (masked with dots), 'Confirm' (masked with dots), and 'Email' (mail@example.invalid). Navigation buttons 'Abort', 'Previous', and 'Next' are at the bottom.

Proxmox VE Installer

Administration Password and Email Address

Proxmox Virtual Environment is a full featured, highly secure GNU/Linux system, based on Debian.

In this step, please provide the *root* password.

- **Password:** Please use a strong password. It should be at least 8 characters long, and contain a combination of letters, numbers, and symbols.
- **Email:** Enter a valid email address. Your Proxmox VE server will send important alert notifications to this email account (such as backup failures, high availability events, etc.).

Press the Next button to continue the installation.

Password: ●●●●●●●●
Confirm: ●●●●●●●●
Email: mail@example.invalid

Management Network Configuration

Please verify the displayed network configuration. You will need a valid network configuration to access the management interface after installing.

After you have finished, press the Next button. You will be shown a list of the options that you chose during the previous steps.

- **IP address (CIDR):** Set the main IP address and netmask for your server in CIDR notation.
- **Gateway:** IP address of your gateway or firewall.
- **DNS Server:** IP address of your DNS server.

Management Interface: ens33 - 00:0c:29:59:94:cf (e1000) ▼

Hostname (FQDN): proxmox.local|

IP Address (CIDR) 192.168.88.129 / 24

Gateway: 192.168.88.2

DNS Server: 192.168.88.2
